UNIONS THREATEN GENERAL STRIKE

Gompers Says Labor Is Inflamed
and Wants To Show Sympathy For Shopmen

(By Associated Press)
Washington, Sept. 2.—Though the American Federation of Labor has no power to call strikes, according to President Gompers, its executive council next Saturday will be asked to review the appeals and demands from "hundreds of local unions for institution of a general strike to support the fight of the railway unions now on strike."

"These appeals have come to me from all over the country from those who imagine I have the power or that the federation has the power to call a general strike," Gompers said. "The executive council will be asked to consider them, although it cannot take action to call a strike."

The resolutions and demands, Gompers declared, indicate a state of mind in labor circles more inflamed than ever before and he considered them important to that extent. He said most of them came to Federation headquarters before the Federal Court restraining order was issued yesterday in Chicago.

STRIKE PROHIBITED BY THE INJUNCTION

(By Associated Press)
Chicago, Sept. 2.—The government acted swiftly upon the heels of its injunction action yesterday in which Attorney General Daugherty obtained a temporary injunction, which viewed broadly, virtually prohibits the railroad strike. A large number of subpoenas are being printed and are ready for service on federation officers and other individual union leaders. Fifty-five hundred deputy United States marshals throughout the country are ready to receive and serve them. Service was sought on B. M. Jewell, one of the outstanding leaders, but first reports were that he could not be found.

Non-Union Shop Worker Assassinated In Memphis

(By Associated Press)
Memphis, Tenn., Sept. 2.—Charles Lanier, a non-union railroad shop worker, was shot and killed from ambush here today.

Anthracite Operators Confer On Agreement

(By Associated Press)
Philadelphia, Sept. 2.—Members of the Policy committee of the Anthracite Operators Association met here today to take final action on the proposal to end the long suspension in the hard coal industry. The sub-scale committee of the miners' union waited at headquarters for developments. Some of them expressed the opinion another conference would be called soon to bring a quick end to the controversy. Not the slightest indication came from the operators about their intended course.

Louisville Labor To Parade

(By Associated Press)
Louisville, Ky., Sept. 2.—Labor leaders here today expressed the opinion the Chicago injunction against the striking railroad employees could not be interpreted as forbidding the Labor Day parade and said 3,500 strikers will be in line in the parade here next Monday, as originally planned.

Week's Weather Outlook

(By Associated Press)
Washington, Sept. 2.—The weather outlook for the week is the Ohio Valley and Tennessee is generally fair and normal temperature but probability of local showers the latter part.

But Newberry's In

(By Associated Press)
Washington, Sept. 2.—The Pomerene bill, regulating campaign expenditures of candidates for election to the Senate and the House, was passed today by the Senate. The measure now takes the place of law held unconstitutional in the Newberry case. It now goes to the House.

Senator A. O. Stanley addressed the American Legion at Glasgow.

CORBIN TRAINMEN THREATEN STRIKE

Trouble Comes Up When Luther Herron, Guard, of Lancaster Resents Prank of Fireman

Knoxville, Tenn., Sept. 2.—Trainmen operating from Corbin, Ky., on this division of the Louisville & Nashville railroad are taking a strike vote today following alleged insults offered trainmen last night by armed guards in the Corbin yards.

All members of the "big four" in Corbin with the exception of trainmen on the Cumberland Valley division held an indignation meeting Friday with the majority sentiment favoring a walkout, according to advices received here.

The local chairmen of the four brotherhoods, trainmen, conductors, engineers and firemen on the Lebanon division, Cumberland Valley division, Kentucky division and Knoxville division of the Louisville & Nashville have been called Saturday morning to meet in Corbin to determine what is to be done.

Joe Wicksham, an engineer on the Lebanon division while blowing water out of his engine through the smokestack, blew water on the chief of the company's guards, Luther Herron, former police chief of Lancaster. The fireman laughed at him when he grew angry and he drew his gun and chased both engineer and fireman.

Charles Maggard, of Conway, Rockcastle county, a guard who has been stationed below the Y. M. C. A., disappeared night before last. A crowd of 75 men searched the country for him. This morning he reappeared. He says four men approached him under pretense of asking directions, overpowered him, took him to the country and beat him severely. When he came to he was at Lily, a town six miles from here.

Guard Fired

Louisville, Ky., Sept. 2.—An alleged attack by a guard on a Lebanon division engineer and fireman in the Corbin yards resulted in the discharge of the offending policeman, according to a message received by B. M. Starks, general manager of the Louisville and Nashville railroad, from Superintendent Hollingsworth at Corbin.

Brotherhood chairmen called on Superintendent W. F. Sheridan Friday afternoon supposedly to take up the matter, which brought a threat of new trouble with members of the railroad brotherhoods at Corbin.

According to Superintendent Hollingsworth's report to Mr. Starks, three guards, while returning from looking for another guard, passed an engine about 6 o'clock Friday morning and seeing water was thrown on them, whether intentionally or not the superintendent said he did not know.

Two guards went on to the superintendent's office to report the affair, while the third climbed into the cab with his pistol in his hand and used abusive language, Mr. Hollingsworth said. The engineer and fireman threw him off the cab and took him to the superintendent's office to report his conduct. Mr. Hollingsworth discharged the guard immediately, he said.

A mass meeting of brotherhood men followed and a protest was sent to brotherhood division chairmen. Engineer Robert Clark, of Louisville, who is division chairman, and Engineer Wicksham, of Lebanon Junction, the man involved in the incident, reported the matter personally to Superintendent Sheridan Friday afternoon. They expressed satisfaction, according to Mr. Sheridan, at the discharge of the guard and had no further protest to make. Wicksham told Mr. Sheridan, the superintendent said, that condensed steam was in the smoke box and that the exhaust threw the black water out of the stack just as the guards were passing. Reports from Corbin say that it is not believed there will be a second strike of trainmen as a result of the occurrence.

WANT NORMALS IN SMALLER TOWNS

Commission Establishes New Western School at Murray—No Action On Eastern

Frankfort, Ky., Sept. 2.—Murray Friday was chosen by the State Normal School Commission as the site for the new state normal school to be established in Western Kentucky. The Calhoun county capital was chosen over Mayfield which had made a hard fight for the location. The exact vote was not given out by the commission which issued a formal statement.

The commission again was unable to agree on the site for the eastern school.

The selection of Murray was conditioned upon that city meeting certain requirements within a time to be set by the commission.

Judge E. W. Senff and Alex Barrett were appointed as a committee to confer with representatives of Murray regarding the requirements. At the time the commission was formally organized a statement was prepared, giving the requirements to be made of the cities that applied for the school. Among these were the gifts of lands, buildings or money equivalent to \$100,000; the water supply; ability to house students; accessibility and sanitary facilities.

All members of the commission were present: Judge E. C. O'Rear, Judge E. W. Senff, W. S. Wallen, J. L. Harman, Sherman Goodpastor, Thomas A. Combs, Alex Barrett and Judge Arthur Peter.

After the meeting a member of the commission said that Paducah and Henderson, which had been regarded as contenders were dropped out of the ballot after the first few votes. "It seemed that the commission was opposed to the large town idea in placing the new school," he said.

All of the Eastern Kentucky cities that have applied for the Eastern school still are being considered, the same member said.

Observers of the situation, after the meeting, said that it looked like West Liberty, Morehead and Paintsville were the leading contestants for the eastern institution in view of the decision of the commission in ignoring large western cities. This attitude, it was said, would militate against the chances of Ashland, if carried into the eastern fight.

DARGAVEL FINED FOR MISCONDUCT

Luther Dargavel was tried before a jury in police court Friday evening for disorderly conduct. Wednesday night he is alleged to have come to the dance without an invitation where he stood at the door smoking a cigarette. When Policeman Jack Hardin asked him to leave, the officer said he answered by cursing. Hardin testified that he did this and when he had taken him as far as the band stand that he returned to the dance hall. Dargavel said that he did this just to show Hardin that he could do what he wanted to. This time the officer put Dargavel in jail. The jury found him guilty and placed him in jail for 30 days and a fine of \$5 and costs.

Luther Young was found guilty of drunkenness and given 10 days in jail with a fine of \$25.

Dock Warren, colored, was given 30 days in jail, fined \$100, and held under \$1,000 bond for violating the prohibition laws. He is alleged to have bought the liquor from Shelby Williams who was given 30 days in jail and fine of \$100 for it.

Gilbert Barrett entered a plea of guilty on the charge of shooting at Officer Turner and was fined \$75 and costs. He was also fined \$25 and costs with Marion Brewer for drunkenness. They are both from Jackson and credited quite a bit of excitement on their way here for a good time.

Mrs. Flora Matthis has been appointed sheriff of Muhlenburg county to succeed her husband, who was shot to death last week.

CANDIDATES FOR BURLEY DELEGATES

Named At Mass Meeting of Members of Pool Association Here Saturday

Candidates for delegates to elect a director for this district in the Burley Association were chosen at a mass meeting of members at the courthouse Saturday at 2 o'clock. Six candidates were named, or two for each million pounds of tobacco delivered to the Association. The candidates named from whom three will be chosen by ballot of the members Saturday, September 16th, are as follows:

Milton C. Covington, James J. Neale, Douglas Chenault, Dave Cobb, Jasper Wylie and Jonah Cox.

The mass meeting of Association members was called to order at the courthouse by R. A. Tudor, Burrell Million was chosen chairman. The nominating committee was composed of W. A. Arbuckle, Winney Cobb, and L. M. Roberts and they brought in recommendation of the above six as candidates from whom three will be elected as delegates to the district meeting at Winchester when a director for the district will be chosen. Election officers who will conduct polls for the voting on the 16th are T. C. McCown, judge; Robert Doty, sheriff; and Elmer Parrish, clerk.

HEARD ABOUT TOWN

Manager Howard Camnitz, of the Winchester Dodgers, resigned after Saturday's game with the Maysville Cards and first baseman Devereaux, formerly manager of Lexington Studebakers, was given the job.

The many friends of Mrs. M. A. Phelps will be sorry to know she continues critically ill at the home of her son, Dr. R. M. Phelps, at Union City. Mrs. John Fox, of Dawson, Georgia, Mrs. Newland Jones, of Phoenix, Arizona, and Mrs. R. C. Hocker, of Stanford, have been called to the bedside of their mother and are very much alarmed over her condition. It is hoped by her host of friends that health may be restored to this splendid woman, for whom everything that is possible is being done to aid her recovery.

John S. Long, former Madison man, who moved to Garrard county about three years ago, was in the Daily Register office Saturday to renew his subscription for the paper. Mr. Long is a staunch democrat and says he is in the wrong pew when in Garrard county. He is a regular subscriber of the Daily Register and says that Judge W. R. Shackelford should be an easy winner in the race for governor in Garrard county.

The Woodford Sun had the following articles which might interest local people: The chap who contributed a story of the "Kentucky river beaches" to the Lexington Herald, locating Munday's Landing "on the Jessamine side of the river, opposite Garrard," and placing a "Southern railroad bridge" across the river at Valley View, writes well and entertainingly, but he wouldn't be a prize winner in a geography contest.

While County Superintendent Edwards drove over the bridge this side of Elliston a blind horse on the other side became frightened and backed over an embankment of 12 feet. Neither horse nor rider was hurt. The fall might have caused the death of either horse or rider and only a great deal of luck saved a serious accident.

Land Prices Going Up

In Mercer county Dr. J. R. Roberts and George James sold their 135 acre farm on the Handy pike at approximately \$207 an acre to W. C. Roberts. The land is well improved. Possession will be given January 1st.

Congressman Langley wants a trachoma hospital and favors its location at Pikeville.

EDWARDS FINDS BETTER SCHOOLS

In The County, He Says, In Report After Visiting 41—Open September 4

County High Schools together with the rural schools that have not yet opened will begin Monday, September 4th, according to announcement by County Supt. B. F. Edwards. State Superintendent Colvin has announced that no legal holidays will be allowed and all reports must show 20 days actual teaching, otherwise the reports cannot be accepted at his office. Mr. Edwards further says:

"Each teacher is required to teach six hours exclusive of recesses as required by law. "It is the duty of the patrons of each district to see that these laws are carried out.

"No teacher will be allowed to close school or put in a substitute without the consent of the County Board of Education.

"We hope that every patron will co-operate, support their school and help to make them the best that can be had."

"Since the opening of the schools Superintendent Edwards has visited 41 schools and finds them in excellent condition, the teachers working hard and the pupils in high spirits and with few exceptions better attendance than ever before. There is marked improvement in the sanitary condition of the schools over former years. The teachers are trying hard to grade the schools but he finds that the subject of mathematics has been neglected making it difficult to properly grade pupils.

In some of the colored districts so many have moved leaving such a small number in these districts that it would not justify the County Board to pay a teacher from \$75 to \$120 to teach in same. The Board is therefore transporting some to other districts at a cost of about \$40 per district.

Every white teacher will be required to be present at the next teacher's meeting September 9th at 9 o'clock a. m. and closing at 11:30 a. m., Supt. Edwards says.

RICHMOND PLAYS WACO SUNDAY

Charley Rogers has announced a base ball game with Waco at Walker's Park Sunday with his nine. The played a rather thrilling contest some time ago which the Rogers' team won by a score of 3 to 2. The Waco aggregation was held to two hits by Charley Rogers who will do the pitching for his nine Sunday. Several of the crack players of this section will take part in the game. Waco has gathered together a strong nine which will be a real battle. George Ginter is the short fielder for the Waco team and plays with the same dash as in younger days. A real game is expected. The last game was witnessed by a large large crowd as will be this game.

REYNOLDS MEETINGS GETTING RESULTS

The consecration meetings being conducted at Calvary church by Rev. J. R. Reynolds are proving very helpful. Friday evening he preached a very strong sermon against worldliness and indifference among church members. His great message reached the hearts of the people. At the close he gave an appeal urging any who were out of line in any way to come forward and line up for God and his church. One old member, out of line, came forward and reconsecrated himself to God and one came for membership.

These meetings will close on Sunday night unless the interest justifies continuance. Sunday morning he will preach on "The Heavenly Nobility of Earth." This is expected to be a great consecration meeting. A large crowd is expected.

Mrs. Franklin Hatch Jones, known as Nellie Grant, one of the first White House brides, is dead in Chicago.

The Weather

Fair tonight; Sunday local thunder showers; no change in temperature.

Saturday's Livestock Markets

Cincinnati, Sept. 2.—Hogs 2,500 heavies \$8.50 to \$9.25; packers and mediums \$9.65; lights \$9.50; pigs \$8; sows \$6.50; stags \$5. Cattle slow; calves \$6 to \$12; sheep \$3 to \$6; lambs \$5, \$9, \$14. Chicago 5,500 hogs; \$9.65; 2,000 cattle.

Louisville, Sept. 2.—Cattle 500, slow; hogs 800, strong; sheep 600, steady; all unchanged.

SUIT TO TEST NEW ROAD ACT

(By Associated Press)

Frankfort, Ky., Sept. 2.—A suit was filed here today under the declaratory judgment law, seeking a decision on the constitutionality of the Simmons' amendment to the highway law which passed the last session of the general assembly.

The measure was never signed by either Lieutenant Governor Ballard or Governor Morrow. Ballard declared it an appropriation bill and such bills, he asserted, must be affirmatively voted on by a majority of the Senators elected, whereas the measure was supported by only 19 Senators, hence he held the bill illegally passed. The plaintiffs in the suit are General William Sibert, Leslie B. Samuels and M. L. Conley, members of the commission named in the bill. The suit asks for a declaration by the court of the plaintiffs' rights and duties in the premises.

ELKS ENJOY A BIG EVENING

One of the most delightful affairs that the local lodge of Elks has had in a long time was the banquet and initiation of candidates Friday night. The dinner was served by the young ladies of the Baptist church and with chicken and other delicacies was greatly enjoyed. Judge W. R. Shackelford presided as toastmaster and did so to the entire satisfaction of all. John Boring, of London, responded to the address of welcome from the toastmaster, and A. R. Burnam gave a short sketch of the history of the lodge. Most of the Elks are from London, those receiving their initiation being E. H. Hackney, Jr., C. E. Farris, James H. Brown, Samuel J. Wilson, R. W. Dyche, Ted R. Eversole, James K. Dillon, W. C. Hackney, Ernest Muster, of London, Charles Davidson, of Berea, and Lawrence B. Tyson, from the Knoxville lodge.

Elder's orchestra furnished delightful music and the degre team of the local lodge put on the work in impressive style. It was a big evening.

Plenty Of Coal For Kentuckians

Louisville, Ky., Sept. 2.—Kentuckians need to have no worry about the supply of the transportation of coal this winter, according to statements made here by the miners and operators of the coal mines in the eastern part of the state, the transportation heads of the Louisville & Nashville railroad and the head of the government fuel committee. The miners and operators signed a working agreement which runs until April 1923. The railroad company says that within ten days there will be more freight cars on hand than the miners can fill.

County officials of Fleming county are: A. W. Clark, county judge; J. D. Pumphrey, county attorney; A. P. Plummer, county clerk; J. C. Williams, tax commissioner; Clark Overton, sheriff and L. F. Alexander, circuit clerk.

Legal Notice

No fox hunting allowed on these farms between September 1, 1922 and September 1, 1923. (Signed) B. J. Clay, Jas. P. Tribble, Mart Biggerstaff, Laura Clay Green Clay, W. C. Bennett, W. F. Park, Tilden Parrish, Mack Phelps, Tom Fox, Richard Cobb, Mrs. J. S. White, Jas. Church. It

Lewis county automobile owners paid \$3,842.28 in license fees into the state road fund in 1921.

BACK TO BOOKS ON SEPTEMBER 18

Richmond City Schools To Resume Work With Several New Faculty Members

Supt. J. Howard Payne announces that the city schools are planning to open on September 18th. The Madison High School is looking for a much larger enrollment because of the abandonment of high school work at the Normal School. The Normal will offer the use of the Rural School building for housing the new central high school until the city school building is completed.

The Board of Education at its last meeting elected an extra teacher to help take care of the enlarged high school enrollment. Miss Orena McMahon will be the new high school teacher.

A. L. Lassiter will return as principal and as coach of athletics. He is expected on September 8th. The football schedule is now being arranged. Games have been booked with Midway, Lancaster and Clark County.

Miss Curraleen Smith has completed the work for her degree at Peabody and received it at the end of the summer session. She will be in the high school this fall.

B. F. Gabby will teach English in the high school and will add much strength because of his attainments along literary lines.

Miss Lucy Cracraft will again head the Department of Languages and the student body will no doubt be very happy over her return. She will have charge of the girls' basketball. This year French will be added to the curriculum. Spanish will only be offered to those who have had one year of it. Beginners will be required to take Latin or French.

Miss Merlyn Walker, of Danville, has been elected to succeed Miss Ellene Reed in public school music. She is a graduate of the Louisville Conservatory of Music.

Mrs. Mary Congleton will succeed Miss Douglas in the eighth grade.

Several rooms will go to the old Madison High School building made vacant by the moving of the high school to the Normal campus. It will still be necessary, however, to have several of the grades in town rooms because of the lack of space. Sam Jones, the engineer, announces that all rooms will be in readiness when the gong sounds September 18th.

The colored school will begin at 8:30 o'clock Tuesday morning, September 5th.

Bought A Fine Pony For Daughter In Richmond

The Jackson Times says this week: Miss June Eloise Jett has been presented by her father with a handsome blue-grass pony, a spotted pony, with handsome mane and head and a beauty for looks. It must be a thoroughbred, for it was purchased in Richmond and Paul Jett rode it through in a day and a half, making 50 miles to Beattyville the first day. When he reached Jackson the pony was not tired out, but ready for a jaunt at any time.

\$40,000,000 If It's A Boy

(By Associated Press)
Paris, Sept. 2.—Princess Xenia of Greece, niece of King Constantine and wife of William Leeds, Jr., is at present in Paris with her husband, expecting an addition to the family. If a boy is born to the Princess, he will inherit the entire \$40,000,000 fortune of the late William Leeds, the American tycoon king. The Leeds' will provides that if there is no male issue, the whole sum shall go to the New York Lying-In Hospital.

Boonesboro Man Caught With Booze At Lexington

The Lexington Herald says that Hood Harney, of Boonesboro, arrested Thursday night at Blue Grass Park by Federal Prohibition Agent John F. Marcum, will be tried at 11 o'clock Saturday morning before U. S. Commissioner Charles N. Ward, charged with possessing whisky. A half-pint bottle of moonshine whisky was found on Harney, Agent Marcum said.
